URGE EARLY PREPARATION
FOR THE PERRY CENTENARY

STATE WIDE OBSERVANCE OF
VICTORY ON LAKE ERIE
IS PLANNED.

Perry Day is to be officially observed by the schools of Michigan on September 10, the hundredth anniversary of that notable victory of Perry and his fleet on Lake Erie. The importance of this victory to Michigan is incalculable so far as public instruction is earnestly urging that Perry Day shall be fittingly observed in every schoolroom in the state. Teachers will necessarily have to begin planning their programs at once in order to be ready for the tenth of September as the date comes right at the beginning of the fall term.

It is suggested that the program be of a patriotic nature with suitable tributes to Perry and his heroes predominating. As the event is associated closely with the history of the United States and of Michigan, the program is expected to give zest to the regular school program.

The legislature of Michigan at the recent session appropriated \$30,000 toward the million dollar memorial which is being erected at Put-in-Bay. The accepted design, when completed as contemplated, will cover, with its plain, almost all of the reservation dedicated as a park to the memorial. The plan, rising in a gradual ascent from the water's edge to the level height of 12 feet, is 38 feet long and 43 feet wide. The Doric column in the center is 335 feet in height, from the base to the light on the tripod surmounting the cap, which is 300 feet high, with a spectators' gallery reached by electric elevators from the crypt at the base, where the bones of the dead in the battle of Lake Erie will be interred. The column is 45 feet in diameter at the base and 25 feet at the top—the highest monument in the world, with the exception of the Washington monument at the national capital, and the highest column without exception. The material used in the column will be granite.

BOWLING SEASON CLOSES.

Mitchell Alleys Enjoy Successful Season—Open October 15.

The Mitchell alleys closed Saturday night after a most successful season and will remain closed now until the middle of October when the new bowling season will open.

The past season has been a successful one for the Mitchell team and in spite of the loss of several star players it won the greater number of match games. Charles Dancer won the copper country championship by beating Alex Harbeck and Carl Blockle in matches played for the championship.

COUNCIL MEETS WEDNESDAY.

Will Consider Some Important Business At Meeting.

The Hancock city council will meet Wednesday evening in the regular meeting. Some important business is to come before the meeting. It is understood, and it is generally believed that there will be a resignation or two to consider.

Several committees, notably the one appointed to consider means of compromising the Clare case are due to report at this time and other business may come up that will be of importance.

RED JACKET IS TRIMMED.

The Hancock Independents were too much for the Red Jacket team yesterday and Fred Oulette's strong twirls kept the visitors from scoring. The final score was 15 to 6. Dufrane caught for Oulette and received his delivery acceptably. Oulette has developed so much speed that it has become a problem to find a catcher that can handle him.

The temperature of steam at a pressure of one pound per square inch is 163 Fahrenheit.

END LIVER TROUBLE WITHOUT CALOMEL.

Untrustworthy Drug, Thought to Loosen the Teeth, Now Made Absolutely Unnecessary.

Dr. Edwards' Olive Tablets—the substitute for calomel—are the mildest but most laxative known, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. Dr. Edwards has been calomel uncompromising toe. His efforts to banish it brought out these little Olive-oil-covered tablets, a rare combination of vegetable compounds mixed with olive oil. These pleasant, harmless little tablets do all the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel at all, but to let Olive Tablets take their place.

Most headaches, "dullness" and the lazy feeling come from constipation and a disordered liver. Take Olive Tablets when you feel "loggy" and "heavy." Note how they "clean" the clogged brain and how they "perk up" the spirits.

At 10¢ and 25¢ a box, "Every Little Olive Table has a movement all its own."

APPOINTMENT OF ENNIS

VICTORY FOR WILSON MEN

NAME OF BARAGA MAN GOES BEFORE SENATE FOR POSTMASTERSHIP.

The name of Frank Ennis of Baraga was sent to the Senate during the past week on the recommendation of Congressman Beale for appointment to postmastership at Baraga. So far as can be learned this is the first recommendation under the present administration for a postoffice appointment in the upper peninsula and is regarded by original Wilson men as a victory for their side. Mr. Ennis had the endorsement of W. T. Monroe of L'Anse, chairman of the Democratic organization in Baraga county, but the recommendation made by Congressman Beale, representing the "O. W." men at Washington is the basis upon which the progressive Democrats lay claim.

Mr. Ennis has been a resident of Baraga practically his entire life and has been associated with the Nester interests as accountant for years. He is a graduate of the Baraga schools and worked his way to head bookseller for the Nester people, starting as timekeeper at the mill. His recommendation is accepted with popular favor in his home town and among upper country Democrats.

Mr. Ennis is a brother to Mrs. John Bentenbach of Hancock and through his frequent visits to this city has a wide acquaintance.

Apart from an occasional rumor nothing new has been heard concerning the Hancock situation although it is confidently expected that something will be done within the next ten days. The most remarkable feature of the local situation is the small amount of gossip heard from the three candidates aspiring to the appointment. Messrs. Bentenbach, Harrington and Holland.
